ONE SHORT DAY IN BRATISLAVA

Our visit to Bratislava allowed us to take part in an eco-safari around the city. We explored the city's resources and services to address SDG 11, the sustainable city agenda, as part of our Step2Hogar project.

EXPLORING BRATISLAVA..

Once our students, both Bulgarian and Slovak, arrived in the city by train. They took a guided tour of the city. They visited the historic center and the Slovak National Art Museum, where they also participated in a workshop.

**NO BRONZE
NO SILVER
FOR US...
JUST GOLD.**

The SladKovicovo Mayor Gábor Krommer and the local television covered the event at the school's sports hall. Carol Ramos, our erasmus teacher spoke to the local media.

DANUBE CRUISE

Our students, together with Slovaks and Bulgarians, were able to travel across countries in just a few hours along the Danube. They went from Slovakia to Austria, and were able to check by themselves differences between the two countries .

WELCOME TO SLOVAKIA

The Erasmus+ experience allowed third-year ESO students to keep in touch Slovak culture with students from Spojena Skola, in a countryside area of Sládkovičovo. It only has 500 warming inhabitants.

2nd ERASMUS+ MOBILITY: SLOVAKIA MAKING EUROPE

Our students shared this experience with Bulgarian, Hungarian and Slovak students. During this reception, they offered us a recital of traditional music and folk dance. The mayor welcomed us, as the host families did.

DROPWISE

One of the aims developed by Step2Hogar project is about water management in Europe. The Mediterranean basin is deficient but efficiency in water management is improving. We wanted to learn about other European experiences..

**WATER
MANAGEMENT:
A CHALLENGE
FOR THE FUTURE
OF EUROPE.**

The students visited a water treatment plant on the outskirts of Sladkovicovo. The students went "plogging" in Vinco Les Forest. In the afternoon, they learned about water culture in ancient thermal pools. It was a great experience.
