Erasmus +

IT'S AN INSPIRING EDUCATIONAL EXCHANGE

Over several days, we had the pleasure of welcoming a group of teachers from a school in Agrigento, Sicily, as part of their Job Shadowing program. The group included two kindergarden teachers, two primary teachers, three secondary teachers, and the school secretary.

Cofinanciado por la Unión Europea

From Agrigento to Our Classrooms.

The purpose of their visit was to learn more about the Spanish educational system and observe how we work in our classrooms teaching aspects, with a special focus on inclusion. It was an enriching experience of exchange, dialogue, and mutual learning that opened new perspectives on our educational practice.
